Scanners Arrive!  
by Sharon Fisher

Shown discussing the “how to” manual and various options available ready for the scanning process are Preservation and Digitization Committee members Rian Farley and Sharon Fisher (committee member Dale Wangberg took the photo). The P&D Committee, a sub-group of the Durham Friends of the Library will soon be working on the scanning of various newspapers as previously described in articles in the FORUM.

The Durham High School Interact Committee is scheduled for multiple upcoming work days in the small chapel at the Durham Community (Adobe) Church. Several types of database information will be available to review on the DurhamMediaPreserved website which will be launched before the end of the month of October.

Keep your eyes open for additional updates for this exciting historical gift to the community – courtesy of your local Butte County Library Branch.
