Durham Good Sams- The Travel Nuts

by Don Bollerud

The Durham Good Sams started this years camping adventures with a trip to the Yolo County Fairgrounds in Woodland. This trip was under the careful leadership of Trail Bosses Ivan and Caralee Sohnrey. Oh, did the winds blow and the rain hammered us hard as we ran from event to event. Saturday Ivan and Caralee took us to the Heidrick Tractor Museum and the Hayes Truck Museum. The two are attached by a corridor. The tractor museum has the largest collection of Caterpillar, Hold and Best tractors in the nation. Boy did those ol' farm boys from Durham reminisce about the hours they had spent on those machines. Interesting though, that none wanted to go back to the "good old days". The truck museum took us back to pre World War I trucks through the 50's.

In March we went to Dingerville RV Park and Campground south of Oroville. Some of us played a round on the muddy mtn. We all went for a walk in a park preserve west of Oroville. Mary Jane Robertson treated the ladies to a lesson on how to stencil different patterns on T-shirts. It was a quiet, but rainy outing.

In April we went to a park near Shasta Lake about 15 miles north of Redding. It was beautiful and as usual, rainy. A wonderful guided tour through Shasta Dam was very educational. The trip was hosted by Trail Bosses Robert and Sarah Skillin.

May was our annual trip to Caspar Beach south of Ft. Bragg. It was also rainy. The campground was within walking distance of ocean. There was no planned outing or excursion on this trip. Everybody was on their own. There is so much to see and do in the Ft. Bragg area that nobody was bored. This outing was hosted by Lloyd and Bernice Abshier.

The Durham Good Sams have taken on an "adopt a highway" program. The adopted highway is the Midway between Durham and Chico. The stretch is about 5 or six miles in length. It is a pretty good job and usually takes about three hours to complete. The club met the latter part of April and walked through it in good order.
